

3 YEAR HEATING COIL-3 EVAPORATOR COIL-1 YEAR PARTS PRODUCT WARRANTY

3 YEAR LIMITED WARRANTY ON HEATING COIL

Enerzone HVAC Inc. (EZHV) warrants the copper-tube aluminum fin heating coil (heat exchanger) in this unit in case of a leak within 3 (three) years from the date of purchase or, in the absence of a Bill of Sale verifying said date, from the date indicated on the serial plate affixed to this unit; see EXCLUSIONS and LIMITATIONS below. In case of a defect, causing water leakage from this coil, or failure to conform to this warranty, **EZHV** will repair or replace this heating coil at its facilities. No labour, installation or freight (if any) charges are included in this warranty. You must pay these costs.

3 YEAR LIMITED WARRANTY ON EVAPORATOR (COOLING) COIL (IF ANY)

EZHV warrants the copper-tube aluminum fin evaporator (cooling) coil in this unit, if one is included and provided that said coil was manufactured or furnished by **EZHV**, in case of a refrigerant leak caused by the cooling coil within 3 years from date of purchase, or in the absence of a Bill of Sale verifying said date, from the date indicated on the serial plate affixed to the unit; see EXCLUSIONS and LIMITATIONS below. In case of a defect in materials or factory workmanship causing a refrigerant leak from this coil, or failure to conform to this warranty, **EZHV**, will repair or replace this evaporator coil at its facilities. No labour, installation or freight (if any) charges are included in this warranty. You must pay these costs.

LIMITED WARRANTY ON ALL OTHER PARTS

EZHV, warrants all other component parts of this unit to be free from defects in material and workmanship for a period of 1 (one) year from the date of purchase or, in the absence of a Bill of Sale verifying said date, from the date indicated on the serial plate affixed to the unit; see EXCLUSIONS and LIMITATIONS below. In case of a defect, malfunction or failure to conform to this warranty, **EZHV** will repair or replace, at its option, the parts at its facilities. No labour, installation, or freight (if any) charges are included in this warranty. You must pay these costs.

EXCLUSIONS AND LIMITATIONS OF THESE WARRANTIES

1. This warranty gives you specific legal rights, and you also may have other rights which vary from jurisdiction to jurisdiction.
2. The limited warranties provided herein are in lieu of any and all warranties, express or implied, including, but not limited to, implied purpose warranties of merchantability and fitness for a particular purpose; provided, however, that implied warranties are not disclaimed during the one-year period from date of purchase.
3. **EZHV** shall have no liability hereunder, either direct or contingent, for incidental or consequential damages of any sort.
4. These warranties shall be completely void and shall have no effect whatsoever:
 - a. If the design or structure of the unit is, or is attempted to be, modified or altered in any way, including, but not limited to, by attaching appliances or equipment not approved by **EZHV**.
 - b. If the unit is not properly installed in accordance with the latest issue of: (1) the National Electric Code; (2) all local ordinances and

regulations pertinent to this unit; and (3) the installation and instruction manual provided with this unit.

c. If the tank supplying hot water to the **EZHV** unit is not equipped with new pressure protective equipment required by local codes, but not less than a pressure relief valve certified by a nationally recognized testing laboratory that maintains periodic inspection of production of listed equipment or materials, as meeting the requirements for Relief Valves. This valve must be marked with a maximum set pressure not to exceed the marked hydrostatic working pressure of the tank.

d. If the air handler is not operated within the factory calibrated limits.

e. If leaks in the Heating Coil or Evaporator Coil, or defects in other parts, arise as the result of improper use, negligence in operation, or accident, or inability of the unit to function because of repairs, adjustments, or replacements improperly made outside **EZHV's** factory, or because of fire, floods, lightning, or events beyond the control of **EZHV**.

f. If leaks in the Heating Coil or Evaporator Coil arise as a result of puncture by screws or other objects used during installation or servicing of the unit.

g. If the serial number plate has been defaced or discarded and you do not have a Bill of Sale to verify the purchase date.

h. If the unit water circuit or refrigerant circuit is subjected to pressures or temperatures greater than those maximum values specified on the unit rating plate or in the installation instructions.

i. If leaks in the Heating Coil or Evaporator Coil develop as a result of the unit being exposed to or handling air from an atmospheric condition that is more corrosive than that found in a normal residential environment.

j. If leaks in the Heating Coil or defects in other parts occur as result of the unit being operated with desalinated (deionized) water.

k. If this air handler or any part of it has been under water.

5. This warranty does not apply to air filters, to any part attached to the unit that was not furnished by **EZHV** to damage caused by freezing when the unit is installed in an unconditioned space, or to damage resulting from application of improper electrical service or voltage.
6. This warranty does not apply to connecting tubing installed external to the unit, nor to the joints or connections of said tubing to the unit
7. Replacements and/or repairs furnished under these warranties do not carry a new warranty, only the unexpired portion of the original warranty.
8. The terms of this warranty may not be varied by any person, whether or not purporting to represent or to act on behalf of **EZHV**.
9. In order to obtain service under these warranties you must promptly notify the installing contractor or dealer, giving the nature of the problem and the model and serial number of the unit. If, for any reason, the installer or dealer cannot be located or fails to provide satisfactory warranty service, you should write Enerzone Inc. with the above information.
10. If **Enerzone HVAC Inc.** is not paid in full, all warranties, product suitability and product liability will be VOID.

If, after inspection, the installer or dealer, or **EZHV**, determines that repair or replacement is required under these warranties, you must pay the freight charges involved, if any, including those to return the defective part(s) or unit.
